

## Country by Country Reporting 2024

### Introduction

ContourGlobal Limited (the 'Company') together with its subsidiaries (the 'Group') is a private company, domiciled in the United Kingdom and incorporated in England and Wales. It is the holding company for the Group whose principal activities during the period were the operation of wholesale power generation businesses with thermal and renewables assets in Europe, Latin America, United States of America and Africa, and its registered office is:

Tintagel House  
92 Albert Embankment  
London  
SE1 7TY  
United Kingdom

The Company is the ultimate parent entity for the Group with respect to the Country by Country Reporting (the 'CbC Reporting') for the calendar year ended 31 December 2024 (the 'reporting period').

The Group develops, acquires, operates and manages wholesale power generation businesses on four continents. It focuses on both underserved or niche markets and developed markets and evaluates projects based on individual merit pursuing greenfield, brownfield as well as acquisition opportunities as they arise. The Group actively collaborates with governments, multilateral financial institutions, manufacturers, contractors and other power and non-power industry participants to provide innovative solutions to the challenge of providing clean, reliable electricity.

### Basis for Preparation

The CbC Reporting is prepared based on the Group's 2024 IFRS financial statements and further supplementary information related to the individual entities of the Group. There are certain immaterial differences between the Group IFRS financial statements and the data presented in the CbC Reporting, which mainly result from adopted methodology for CbC Reporting. Further information about the presented data is provided in the Glossary.

All financial information is presented in U.S. Dollars.
