The Group actively collaborates with governments, multilateral financial institutions, manufacturers, contractors and other power and non-power industry participants to provide innovative solutions to the challenge of providing clean, reliable electricity.

Basis for Preparation

The CbC Reporting is prepared based on the Group's 2023 IFRS financial statements and further supplementary information related to the individual entities of the Group. There are certain immaterial differences between the Group IFRS financial statements and the data presented in the CbC Reporting, which mainly result from adopted methodology for CbC Reporting. Further information about the presented data is provided in the Glossary.

All financial information is presented in U.S. Dollars.
